Commitments

* indicates a required field

Survey commitments

Measuring the impact of FameLab, its experiences, and its training programs is essential for the Foundation for the WA Museum. To achieve this, we require all successful applicants complete a short survey prior to commencing the program.

A second survey will need to be completed by all semi-finalists, as well as those who progress to the Final.

I agree to complete both FameLab surveys *

Yes

It is a requirement of FameLab that participants agree to complete both surveys.

Time commitments

FameLab requires a time commitment from all participants to attend science communication training sessions, live events and a live online competition.

Where possible, training will be held online and may be recorded to allow for flexibility.

FameLab will also require participants to prepare and practice their presentations in order to uphold the professional standards of the competition and to advance to the Final.

Significant FameLab dates

- Regional Semi-finals: **30 June - 4 July 2025 (online)**
- Final and finalists' conference in Perth: **16 - 19 September 2025** (Foundation for the WA Museum as organiser of FameLab to pay for flights, accommodation, and meals)

There is nothing I am aware of that will hinder my ability to attend these dates *
